**CONNECT WITH THE NEXT
GENERATION OF EMPLOYEES**

ELEVATE YOUR BRAND

The more our students know about you, the more likely they are to choose you as an employer.

RELIABLE ACTUATION.
ANYTIME, ANYWHERE.

From design to certification,
for any mission

Primary flight controls
Variable horizontal stabilizer actuator
Lift systems
Engine, utility and missile actuation
Bay door drive and payload deployment

Throughout the academic year we hold events and provide opportunities for employers to meet and engage with our students.

EMPLOYER IN THE FOYER

We regularly invite employers to meet students and promote vacancies on campus.

EMPLOYER PRESENTATIONS

We invite employers to share their personal and professional journeys.

CAREERS FAIRS

We hold careers fair on campus to facilitate networking between employers and students. This is an opportunity to promote job vacancies, graduate opportunities and placements.

LIVE PROJECTS

Why not set our students a real business challenge? You will be surprised by what they come up with. Their thoughts, their approach and their solutions could set you on a completely different path. At the very least, it will raise your profile among the students you want to attract.

CENTRE FOR
APPRENTICESHIPS

With an apprenticeship you can develop your own in-house talent in partnership with a leading educational institution.

An apprenticeship is a paid job with a contract of employment, training plan and an apprenticeship agreement. Our apprentices get first-class training that's practical, current and meets your business needs.

An apprenticeship is for any organisation of any size that wants to invest in its future and is committed to developing employees.

IT WILL HELP TO:

- » Bring in new ideas, skills and energy to your business.
- » Improve staff retention – investing in apprentices creates loyalty and long-term commitment.
- » Promotes you as a business that invests for the future and welcomes new opportunities.
